DXpedition News

Nicobar - VU4 Still no official word on the **VU4NRO** trip rumored to start today, for about three weeks. Also see Issue 384.

Tromelin - FR/T FR5ZU/E should be moving over to Tromelin any day now. He prefers the French SSB nets, below US subbands, but can be coaxed up the band by French speaking DXers, such as VE2s. No CW.

Tibet - BTØ SM2DWH/BTØ will be on from Tibet, in CQ Zone 23, until June 6, as part of a team attempting to climb Mt. Everest. Counts as China for DXCC. QSL to SK4NI.

Niue - ZK2 ZK2EKY is VK2EKY, scheduled to stay on Niue for about two more weeks. Try 20 SSB Ø5-Ø7ØØZ. QSL home call.

Chad - TT8 Tom Gregory N4NW missed his latest chance to get his Chad license. He'll be back in about a month to try again. Meanwhile, he's been logged as **TL8TG** from the Central African Republic. If you're kind enough to let Tom complete his chores with his QSL manager on 14180 kHz at 2000Z, he'll stand by for you afterwards.

Guinea-Bissau - J5 Eric SMØAGD has been reported on as **J5HTL**. No confirmation nor advance word from Eric.

West Malaysia - 9M2 W1AW says that K9BG will be on from **9M2** May 5-11. No details yet. Or **9M2CW** 20 SSB 14-1600Z.

St. Pierre - FP FP/K1RH and **FP/W1CCN** now say they'll be on St. Pierre (NA-32) June 6-16, from the Robert Hotel. Ralph says transportation via ferry or air from Nova Scotia is easy, and he's leaving a station complete except for transceiver for future FP/s. QSL home calls.

Cayman Islands - ZF Jan OH1ZAA will be on as **ZF2KZ** May 4-14, with special attention to 6 meters. His QSL manager Arja OH2BJW will be on as **ZF2KY** for YL DXCC chasers. All bands, SSB and CW.

Also, NK9G should be on now as **ZF2KS**, 14260 and 7060 Khz. QSL N9AW. He should move on to Jamaica 6Y after Caymans.

ITU Geneva - 4U 4U2ITU will be used during the month of May to celebrate Telecommunications Month. Watch especially May 17, Telecom Day, and the CQ WPX CW, May 30-31. DL1HBT and DL3HAH will operate the latter; QSL their operation only to DL1HBT.

Jersey - GJØ Henk **GJØ/PAØKHS** will be on May 16-30, all bands 160-10 meters, SSB and CW. QSL home call.

Christmas Is. - VK9X Peter **VK9XP** promises more activity in the future. QSL Box 59, Christmas Is., Indian Ocean.

Thailand - HS HSØB continues to make QSOs during the weekends from Bangkok. QSL Box 2008, Bangkok, Thailand.

Malawi - 7Q Les leaves soon, so don't miss him. 7002 or 7012 kHz at 0400Z, 21285 10-1200Z, and 28285 after 1500Z.

Nepal - 9N Krihna **9N1MC** reports that the recent CW QSOs with his call were Slim; he's working on his CW, and is up to 5 wpm. On SSB, he likes 14200 09-1300Z, as well as 21200 and 28600 kHz. Or 7088 at 1200Z with Robin DU9RG.

Mali - TZ W4LZZ hopes to use **TZ6MG**'s station for a CW operation starting soon, according to DXNS.

Burma - 1Z 1Z9A has been heard in Europe; QSL JA8IXM. Souvenir value only.

Vietnam - XV The same with **UA9LDF/XV**. Probably Asia Slim (See 9N).

Council of Europe - TP2CE The DXAC has said no-go for DXCC, but prefix hunters might go for this one May 1-3.

Shortly Noted

- **P4ØRA** was KA1XN's call from Aruba, not the promised P45AR. QSL WA1ZDE.
- **FT8WA** on 14081 RTTY April 20 1230Z.
- **4S7RO** (AS-03) 20 SSB and CW 1800-1930Z.
- **9L1GG** 14010 21-2400Z.
- **CEØZIG** Easter Is. (SA-01) 20CW 02-03Z.
- **AP2SQ** 20 SSB Ø300Z; **AP2MQ** 20 SSB 02Z.
- **ZL7TZ** Chatham (OC-38) 7003 1040-1400Z.

Important Note: When did you receive I383? Call (707) 523-1001 and leave message. TNX.

— **Chod Harris VP2ML Editor**

Propagation Watch

Will the month of May produce the kind of solar fireworks that made April the best DX month in the last couple of years? Let's hope so. As the sun rotates around to the same side that contained sunspots numbers as high as 103 (on April 11), we should see at least some better band conditions.

Note that the K-Index was zero during much of the high solar flux days. With absorption low and solar flux high, the bands were simply great! Long-haul DX was the norm, as reflected by the reports in Bandpass. 20 meters was open far into the night. And the flux was high enough to open 10 meters at times, and on more than the usual north-south paths.

While bottom-of-the-cycle spots don't have the multi-revolution staying power of sunspots at more active stages in the cycle, there is an excellent chance that May 5-20 will be an fine time to be on the bands, especially the higher frequencies. And isn't it nice that this burst of solar activity comes as the noise levels are rising on the lower bands, which cuts seriously into long-haul DX on 160 and 80 meters? DXers must be living right.

Cycle 22

Does all this mean we are at the start of Cycle 22? As the graph below shows, the 13-month smoothed sunspot number has not yet turned upward. However, a few more months similar to April and we'll be able to say for sure that we passed the bottom in late-1986. SIDC predicts rising sunspot numbers for the rest of the Spring and early Summer, but it's still too early to say for certain that we've passed the minimum..

International Sunspot Number 1984-87

$100 Reward for Return of Yasme QSL Cards

Lloyd Colvin W6KG is offering a $100 reward for information leading to the recovery of 106 red and white Yasme QSLs, taken from the banquet hall wall at the Visalia DX Convention April 3/4. Some are one-of-a kind cards. Call collect: (415) 524-1177.

DX News from the Dayton Hamvention

More than 30,000 hams filled the Dayton-area hotels and clogged the roads around the Hara Arena this year. The second DX Dinner on Friday night, sponsored by the Southeast Ohio DX Association, was packed, as were many of the DX hospitality suites. The Southeastern DX Association and the Kansas City DX Club did their usual fine job at Stouffers, and the Canadian DX Association also sponsored an active suite. The DX forum at the Arena on Saturday attracted a large number of DXers. Some of the highlights from that forum were:

DX Advisory Committee Notes

Members of the DXAC reported that they had received hundreds of letters about Minute 59, the ARRL Board of Directors' mandated study of possible DXCC restructuring. About 95% of the correspondents felt that the present DXCC "isn't broken," but some said it "may need some fine tuning in some areas."

The survey of DXers put out by the DXAC was distributed at the forum. [If you missed it, you can get a copy by sending an SASE to DXAC, Box 5127, Norfolk VA 23435 USA. The deadline for returning this survey is **May 15**, so don't delay.]

The DXAC pointed out that more than 2500 DXers will be on the next Honor Roll listing, still scheduled for the June issue of QST. This is almost 10% of the 26,000 DXCC members. And 2230 DXers have earned 5BDXCC, while 334 have made 160 DXCC!

The Golden Jubilee DXCC award has proved to be very popular, with more than 1600 applications already. Only 700 awards have been mailed, but Don Search W3AZD said the awards would be out "eventually." [DX applicants get their award by surface mail, so expect additional delays.]

On recent DXAC new country decisions, the DXAC members defended their 0-for-4 record. **4U1VIC** was turned down because the DXCC rules about "separate administration" were changed after 4U1ITU and 4U1UN were admitted to the DXCC list. **Aruba** was considered part of the Netherlands, and not fully independent. "Stamps, currency, and passports are not enough." And the **Council of Europe** and **Tierra del Fuego** were unanimously defeated as they "did not meet the criteria."

Don Search W3AZD

DXCC administrator W3AZD mentioned some of the recent happenings at his desk. Don said that he is running about 3 weeks behind on applications at this time, not counting the certificate typing delays with the Golden Jubilee award.

Among the recent operations that are acceptable for DXCC are: **5A0A, VU4APR/NRO, A61AA** and **A61AB, XF4DX**, and the Sir Walter Raleigh spots, including **VR6HIJL.**

Those awaiting final decisions (ie, not yet acceptable; do not send in cards) are: **DL7FT/SV/A** (decision due soon), **I2VA/5U7** (awaiting translation of submitted documents), and **T52JL** (nothing yet received).

Among operations that do not count for DXCC are: **5U7LD** (no documentation), **T50DX** (no callsign on documents), **A6XB** and **A6XL** (no documents), **A51PN** (no legitimate operation at this time), and any **ET** stations. **Ethiopia** is one of six countries that have publicly stated that no legal amateur operations are presently permitted. The others are **Angola, Mozambique, South Yemen, Afghanistan,** and **Burma.**

Don reminded DXers that the Peter I Island cards should not be submitted until after June 1, 1987. Thus the top level for Honor Roll this time will be 316, and won't rise to 317 until the next list. The bottom cutoff stays at 307 until Peter I is added.
